

Junior Master Class

12th – 13th August 2026

Wednesday, 12th August 2026

Time	Duangkamol Room
7:30 – 8:00	Registration for Junior Master Class
8:00 – 8:15	Opening remarks
8:15 – 8:45	Keynote lecture: Mineral and Bone Disorders in CKD Rukshana Shroff, UK
Session 1	Glomerulonephritis
8:45 – 9:15	Post-infectious glomerulonephritis: An update Agnes Alba, Philippines
9:15 – 9:45	IgA nephropathy and IgA vasculitis: Summary of IPNA Guidelines Koichi Nakanishi, Japan
9:45 – 10:15	Management of C3 glomerulonephritis Alison Ma, Hong Kong
10:15 – 10:35	Morning break
Session 2	Nephrotic syndrome
10:35 – 11:05	Nephrotic syndrome: Past, Present, and Future Kazumoto Iijima, Japan
11:05 – 11:35	Long-term outcomes in nephrotic syndrome Aditi Sinha, India
11:35 – 12:05	Congenital nephrotic syndrome Francesco Emma, Italy
12:05 – 13:00	Lunch break
Session 3	Hereditary disease
13:00 – 13:30	Alport syndrome Ng Kar Hui, Singapore
13:30 – 14:00	Hypophosphatemic rickets Dieter Haffner, Germany
14:00 – 14:30	Primary hyperoxaluria Michael Somers, USA
14:30 – 14:50	Afternoon break
Session 4	Tubular disease
14:50 – 15:20	Distal renal tubular acidosis: Evaluation and management Sookkasem Khositseth, Thailand
15:20 – 15:50	Dent disease vs Lowe syndrome: Clinical approach and practical management in children Hee Gyung Kang, South Korea
15:50 – 16:20	Bartter and Gitelman syndromes Madiha Aziz, Pakistan
16:20 – 16:50	Monogenic hypertension Anil Vasudevan, India

Thursday, 13th August 2026

Time	Duangkamol Room
Session 5	Chronic kidney disease
8:30 – 9:00	CKD: Epidemiology and evaluation Perry Lau, Singapore
9:00 – 9:30	CAKUT as the main cause of CKD in children Giovanni Montini, Italy
9:30 – 10:00	Blood pressure control in CKD Nicholas Larkins, Australia
10:00 – 10:30	Morning break
10:30 – 11:00	Pathogenesis of anemia in chronic kidney disease Meredith Atkinson, USA
11:00 – 11:30	Growth and nutrition in children with CKD Sharon Bartosh, USA
11:30 – 12:00	Kidney replacement therapy: Indications and choice of modality Peong Gang Park, South Korea
12:00 – 12:10	Closing

16th Asian Congress of Pediatric Nephrology

**“Sustainable Kidney Care for All Children:
Balancing Global Resources and Quality”**

13th – 15th August 2026

Thursday, 13th August 2026: Pre-congress workshop

Time	Kamolthip Ballroom 1	Kamolthip Ballroom 2
	Workshop 1: Kidney replacement therapy	Workshop 2: Genetic interpretation
8:00 – 8:30	Registration	
8:30 – 9:00	Introduction to CKRT Mariko Sawada, Japan	Anatomy of a genetic report Janewit Wongboonsin, Thailand
9:00 – 9:30	CKRT Modalities & Prescription David Selewski, USA	Introduction to variant assessment and classification Chatarin Wangsanuwat, Thailand
9:30 – 10:00	Common prescription pitfalls Henny Adriani Puspitasari, Indonesia	Application of genetic tests in glomerular diseases Nozu Kandai, Japan
10:00 – 10:30	Morning break	Morning break
10:30 – 11:00	CKRT 1 Mariko Sawada, Japan	Application of genetic tests in cystic kidney disease Pawaree Saisawat, Thailand
11:00 – 11:30	CKRT 2: PrisMax David Selewski, USA	Gene curation Andrew Mallett, Australia
11:30 – 12:00	CKRT 3 Kongkrapun Srisuwan, Thailand	Application of genetic tests in complement-mediated kidney disease Christoph Licht, Canada
12:00 – 13:00	Luncheon symposium	Luncheon symposium
13:00 – 13.30	Introduction to peritoneal dialysis Chantida Subun, Thailand	Genetic testing technologies: Sanger, NGS, and others Parith Wongkittichote, Thailand
13:30 – 14:00	Components of PD Azmeri Sultana, Bangladesh	Genomic board simulation workshop All speakers
14:00 – 14:30	Workshop for PD catheter insertion Sukit Raksasuk, Thailand	
14:30 – 15:00	Automated PD: Vantive Suwannee Wisanuyotin, Thailand	Skill up your genetic counseling skills: What the clinician needs to know Ng Kar Hui, Singapore

15:00 – 15:30	Automated PD: Vantive Thanaporn Chaiyapak, Thailand	Application of genetic test in tubulopathy, CAKUT, KT, and beyond Kraisoon Lomjansook, Thailand
16:00 – 19:30	Opening Ceremony & Welcome Reception	

Friday, 14th August 2026

Time	Kamolthip Ballroom 1	Kamolthip Ballroom 2
7:30 – 8:00	Registration	
8:00 – 8:30	Plenary 1: Kidney disease burden across Asia Arvind Bagga, India	
8:30 – 9:00	Plenary 2: National kidney health policies Prapaipim Thirakhupt, Thailand	
9:00 – 9:30	Plenary 3: Advancing Pediatric Kidney Care in Asia: Regional Strategies for Diverse Resource Settings Hong Xu, China	
9:30 – 10:00	Morning break	Morning break
10:00 – 11:30	Acute kidney injury (AKI)	Chronic kidney disease (CKD)
	Novel biomarkers in AKI: Clinical utility and global relevance Aihua Zhang, China	CKD in children: The unseen burden Adisorn Lumpaopong, Thailand
	Pediatric AKI: Epidemiology and outcomes Jeffrey J Fadrowski, USA	Early detection of CKD and nephroprotective therapies Franz Schaefer, Germany
	Neonatal AKI: Early recognition and management strategies David Selewski, USA	Novel management of anemia in CKD Meredith Atkinson, USA
	Oral presentation	Oral presentation
11:30 – 12:30	Luncheon symposium	Luncheon symposium
12:30 – 14:00	Kidney replacement therapy	Kidney transplantation (KT)
	Continuous kidney replacement therapy in neonates and infants Mariko Sawada, Japan	Advances in transplant immunology: Toward precision and sustainability Jun Oh, Germany
	Role of therapeutic apheresis in kidney diseases and critically-ill children Kongrapun Srisuwan, Thailand	Improving the long-term outcome in pediatric KT: Multidimensional strategies Sharon Bartosh, USA
	Chronic Peritoneal dialysis in children: Advances, challenges, and global adaptations Sevcen Bakkaloglu, Turkey	Experience in difficult kidney transplantation Ali Asghar Lanewala, Pakistan
	Oral presentation	Oral presentation
14:00 – 14:45	ASPNA General Assembly	
14:45 – 15:00	Afternoon break	Afternoon break

15:00 – 16:30	Hypertension	Lupus nephritis (LN)
	Applying hypertension practice guidelines in diverse settings Nicholas Larkins, Australia (20 mins)	Early diagnosis and timely treatment in childhood LN Pornpimol Rianthavorn, Thailand (20 mins)
	Ambulatory blood pressure monitoring in children: Make it easy Stella Stabouli, Greece (20 mins)	Unique considerations in childhood-onset lupus nephritis: Balancing innovation and feasibility Eugene Yu-Hin Chan, Hong Kong (20 mins)
	Primary hypertension in children: An emerging threat Kwanchai Pirojsakul, Thailand (20 mins)	Managing complications in LN: From active disease to remission Hui Kim Yap, Singapore (20 mins)
	Oral presentation	Oral presentation
16:30 – 17:30	ePoster presentation	

Saturday, 15th August 2026

Time	Kamolthip Ballroom 1	Kamolthip Ballroom 2
8:00 – 8:30	Registration	
8:30 – 10:00	Kidney diseases and vascular involvement	Inherited kidney diseases
	Atypical HUS therapies: From understanding to equity in access Christopher Licht, Canada	How to implement genetic testing in nephrology practice Andrew Mallett, Australia
	Pediatric ANCA-associated GN: New frontiers in diagnosis and treatment SHEN Qian, China	Polycystic kidney disease in children: From genes to emerging therapies Franz Schaefer, Germany
	IgA vasculitis nephritis: Predicting kidney outcomes, and tailoring therapy Yuko Shima, Japan	Diagnosis and novel therapies of Alport syndrome Nozu Kandai, Japan
	Oral presentation	Oral presentation
10:00 – 10:30	Morning break	
10:30 – 12:00	Urological disorders 1	Nephrotic syndrome (NS)
	Reflux nephropathy and neurogenic bladder: a pediatric nephrologist's perspective Pankaj Hari, India	IPNA clinical practice recommendations for SSNS: Relevance across diverse settings Koichi Nakanishi, Japan
	Pediatric nephrolithiasis: From prevention to precision management Michael Somers, USA	Hereditary NS: Diagnosis in the genomic era Tae Sun Ha, Korea
	Managing urological disorders in kidney transplantation Thawatchai Mankongsrisuk, Thailand	Therapeutic challenges in difficult-to-treat NS: Yee-Hsuan Chiou, Taiwan
	Oral presentation	Oral presentation
12:00 – 13:00	Luncheon symposium	

13:00 – 14:30	Urological disorders 2	Fluid therapy and electrolyte disorders
	UTI in children: Imaging challenges and resource-based decisions Prayong Vachvanichsanong, Thailand	Dysnatremia in hospitalized children: Risks, recognition, and response Pornchai Kingwatanakul, Thailand
	Vesicoureteral reflux: Revisiting prevention and intervention strategies Sushmita Banerjee, India	Fluid therapy in pediatric sepsis: Practical protocols and pitfalls Selva Kumar, Malaysia
	CAKUT and genetics: From mutation to management Loai Eid, United Arab Emirates	Disorders of magnesium handling Dieter Haffner, Germany
	Oral presentation	Oral presentation
14:30 – 15:00	Afternoon break	Afternoon break
15:00 – 16:00	Leveraging Technology for Global Nephrology Collaboration: Creating and Sustaining Nephrology Networks (15 mins per speaker) <ul style="list-style-type: none"> - Medical and Therapeutic Needs in Paediatric Kidney Disease: A Global Perspective Rukshana Shroff, UK - From Vision to Implementation: Lessons from IPNA and AsPNA in Developing Regional Academic and Digital Networks Hui Kim Yap, Singapore - Building Sustainable Pediatric Nephrology Research Collaborations in Asia: Structure, Governance, and Long-Term Impact Hong Xu, China 	
Closing Summary
